

what's new

■ Enhanced Weather

The Marinalife web site now includes enhanced real-time weather information including weather for the Bahamas and the Caribbean. You will now be able to access more detailed weather information including water temperatures, wave height, wind speed, tides, and more.

■ Weather Forecasting

Now Marinalife members receive a free weather forecast from Weather Forecasting. The coverage includes the entire US, Bahamas, Caribbean and offshore.

■ Enhanced Cruise Templates/Create Your Own Cruise

The Create your Own Cruise and the Cruise Template features have been improved. Enhancements include improved search capability to find marinas, ability to edit/delete legs of the cruise, download your cruise so you can share with a friend, and the ability to map your route using Google Maps.

■ Events

Marinalife will be exhibiting at the Miami International Boat Show being held February 14-18, 2008. Please visit us: Booth #1969 in the convention center.

Brown & Howard Wharf; Artist's Rendering

Brown & Howard Wharf Newport, RI

Brown & Howard Wharf is located in the heart of Newport, Rhode Island. The Marina is being refurbished and will offer dockage for yachts up to 250 feet. There are seasonal and transient slips available. Ample parking is provided for yachtsmen and their guests on marina premises. Other amenities offered are telephone, cable, water, ice, 100 AMP/3 phase, 20V power, container storage, diesel fuel, boat hauling, and winter storage.

12th Street Yacht Basin Port of Everett, WA

The Port of Everett, located approximately 30 miles north of Seattle, has announced the opening of its 12th Street Yacht Basin, a new 220-slip marina that can accommodate boats up to 140 feet. The yacht basin is part of a larger waterfront community which will include condominiums, retail shops, and more.

Marina Pez Vela Quepos, Costa Rica

The Marina Pez Vela, located on the Pacific Coast, will feature over 250 slips for vessels up to 200 feet in length as well as a 24-hour fuel dock, duty-free, state-of-the-art

repair facility with haul-out capability, a 150-ton travel lift and a fully-staffed maintenance facility. Plans also call for a 100-room hotel, restaurants, and residential units. The marina is scheduled to open in 2008.

Roscioli Yachting Center Fort Lauderdale, FL

The expansion of the Roscioli Yachting Center in Fort Lauderdale is underway and the new facility will include a multi-million dollar full-service facility that will be adjacent to the existing facility. The facility will include master mechanics and a custom machine shop, full propeller service, custom carpentry, painting and refinishing, computerized design center, electronic service, and installations, custom fabrications in hardwood, fiberglass and aluminum yacht extensions.

Marina Riviera Nayarit La Cruz, Mexico

Marina Riviera Nayarit, is located in the state of Nayarit, in the northern part of Banderas Bay in the Gulf of California. Phase I of the Marina includes close to 400 Slips ranging from 31 to 400 feet with top quality amenities including 24-hour security, high-speed Internet, water, yacht club access, and a 2 km boardwalk.
