Q & A

Do you travel with pets?

“Yes, Mocha the dog travels with us most the time.”

Do you have tips for boaters traveling with pets?

“Go places that have grass and places to walk your dog. We like to take Mocha to places that allow him to sit out on the boat. Sometimes we will get takeout and a bottle of wine and stay on the boat with him and other times we leave him on the boat since he is well behaved.”

What do your outings typically entail?

“Trips will almost always include some shopping but for the most part they include relaxation, exploring and dining.”

When boating what do you always hope to find?

“Great places to dine and shop. Marinas with good swimming pools and a relaxing place to grab a beer.”

What is your favorite type of cruising?

“Towns that we never visit by car, i.e. St. Michael’s, Solomon’s, Old Town Alexandria, etc. We go up to Baltimore almost every year to visit by son by boat and spend time along the way at a few great stops. Cambridge for one night, then to St. Michael’s, Annapolis and onto Baltimore.”

Do you ever incorporate side trips into your cruises?

“Yes we include stops like a trip up the Potomac River to Washington, DC.”

What is the craziest boating experience you’ve ever had?

I stopped on the way home from a trip from Alexandria to Virginia Beach, met the owner Stu Pompelly of North Atlantic Marine Group, and shortly after bought my 42 Tiara from him. I have been doing business with him ever since. ❖
