

## Dear Member,

The summer boating season has arrived and based on the busy reservation activity at Marinalife we know many of you are getting out on the water. Knowing this, we are hoping fuel prices will stay down! The crew at Marinalife is ready and waiting to assist you with all your summer adventures.

You will notice in this issue that we have made some changes and added new departments including the Nauti Shopper where you can read about the latest fun accessories. In this issue we bring you pet accessories to help make boating with your pet even more enjoyable. Our Last Call department brings a competitive spirit to the magazine and asks you to guess where we are in the photo. Our goal is to continue to provide you fun, useful, and up-to-date information about where to boat to enhance your boating experience.

In this issue we also featured Women in Boating. We continue to hear stories from our members and marina clients about how women are getting more involved in taking the helm. And since we are a women-run company we felt it was time to look into this further. It was amazing what we found and unfortunate that we only had a limited space to tell these stories – there are so many great stories.

Our focus this year has been on saving you time and money. With this in mind we just launched a new feature called “Special Offers” where marinas can offer you limited time special rates on dockage, fuel, dining and more. It is simple, all you do is download and print the coupon and take it with you to the marina. The “Special Offers” is another key part of the value of your Marinalife membership. As we all work harder than ever, our time is even more precious. Marinalife’s online reservation service and concierge staff can save you time and hassle by taking care of all of your travel needs.

Marinalife always likes to hear your cruising stories, see your photos and get your feedback on the magazine and we hope to hear from you this summer. Also you can now follow us on Twitter, Facebook and LinkedIn.

Happy Cruising!
