

Dear Member,

The summer was busy for all of us at Marinalife. From helping members with cruise planning and lots of reservations to visiting marinas from Maine to the Bahamas, the summer has been action packed. Based on reservation activity and a dramatic surge in web visitors to Marinalife.com we are excited that people are using their boats and using the Marinalife travel tools.

Throughout the summer we continued to enhance and add features to the Marinalife web site and find new ways to help you save time and money. The newly launched "Special Offers" has been a hit and more and more marinas are participating. These specials and the latest fuel prices can now be easily delivered to you through bi-monthly e-mail alerts. Now you can easily manage your profile (photo, e-mail alerts, cruising regions and more) through the expanded member profile section. Simply log in to your account on www.marinalife.com to customize your profile.

This issue is full of fun and exciting articles. Especially exciting is the Cruising with Marinalife article, which follows Marinalife Member Michael McHugh and wife Tracy as they do some Canadian cruising through Nova Scotia and Prince Edward

Island. This issue also includes easy and accessible places to take your boat for an extended weekend including exciting St. Petersburg, Florida or quaint Beaufort, South Carolina. We are always looking for cruising stories from our members so please e-mail us if you have an interesting story to share or have an idea for a featured destination.

We look forward to hearing from you this fall and hopefully seeing some of you at our booth at the Fort Lauderdale International Boat Show October 29-November 2 (Booth #1606 at Bahia Mar). Marinalife is celebrating its 10th Anniversary in February so look for more details about specials and upcoming events in our newsletters. Do not forget you can now follow us on Twitter, Facebook and LinkedIn (available from the Marinalife home page). Look for exclusive specials from Marinalife through Twitter. Thanks for your on-going support.

Happy Cruising!

Joy McPeters
President/CEO
